2026 Medicare Parts A & B Premiums and Deductibles 2026 Medicare Part D Income-Related Monthly Adjustment Amounts

On November 14, 2025, the Centers for Medicare & Medicaid Services (CMS) released the 2026 premiums, deductibles, and coinsurance amounts for the Medicare Part A and Part B programs, and the 2026 Medicare Part D income-related monthly adjustment amounts.

Medicare Part A Premium and Deductible

Medicare Part A covers inpatient hospital, skilled nursing facility, hospice, inpatient rehabilitation, and some home health care services. Approximately 99% of Medicare beneficiaries do not have a Part A premium since they have at least 40 quarters of Medicare-covered employment, as determined by the Social Security Administration.

The Medicare Part A inpatient hospital deductible that beneficiaries pay if admitted to the hospital will be \$1,736 in 2026, an increase of \$60 from \$1,676 in 2025. Part A inpatient hospital deductible covers beneficiaries' share of costs for the first 60 days of Medicare-covered inpatient hospital care in a benefit period. In 2026, beneficiaries must pay a coinsurance amount of \$434 per day for the 61st through 90th day of a hospitalization (\$419 in 2025) in a benefit period and \$868 per day for lifetime reserve days (\$838 in 2025). For beneficiaries in skilled

nursing facilities, the daily coinsurance for days 21 through 100 of extended care services in a benefit period will be \$217.00 in 2026 (\$209.50 in 2025).

Part A Deductible and Coinsurance Amounts for Calendar Years 2025 and 2026 by Type of Cost Sharing		
	2025	2026
Inpatient hospital deductible	\$1,676	\$1,736
Daily hospital coinsurance for 61 st -90 th day	\$419	\$434
Daily hospital coinsurance for lifetime reserve days	\$838	\$868
Skilled nursing facility daily coinsurance (days 21-100)	\$209.50	\$217

Enrollees age 65 and older who have fewer than 40 quarters of coverage, and certain persons with disabilities, pay a monthly premium in order to voluntarily enroll in Medicare Part A. Individuals who had at least 30 quarters of coverage, or were married to someone with at least 30 quarters of coverage, may buy into Part A at a reduced monthly premium rate, which will be \$311 in 2026, a \$26 increase from 2025. Certain uninsured aged individuals who have fewer than 30 quarters of coverage, and certain individuals with disabilities who have exhausted other entitlements, will pay the full premium, which will be \$565 a month in 2026, a \$47 increase from 2025.

Medicare Part B Premium and Deductible

Medicare Part B covers physicians' services, outpatient hospital services, certain home health services, durable medical equipment, and certain other medical and health services not covered by Medicare Part A.

Each year, the Medicare Part B premium, deductible, and coinsurance rates are determined according to provisions of the Social Security Act. The standard monthly premium for Medicare Part B enrollees will be \$202.90 for 2026, an increase of \$17.90 from \$185.00 in 2025. The annual deductible for all Medicare Part B beneficiaries will be \$283 in 2026, an increase of \$26 from the annual deductible of \$257 in 2025.

The increase in the 2026 Part B standard premium and deductible is mainly due to projected price changes and assumed utilization increases that are consistent with historical experience. If the Trump Administration had not taken action to address unprecedented spending on skin substitutes, the Part B premium increase would have been about \$11 more a month. However, due to [changes finalized in the 2026 Physician Fee Schedule Final Rule](#), spending on skin substitutes is expected to drop by 90% without affecting patient care.

Beginning in 2023, individuals whose full Medicare coverage ended 36 months after a kidney transplant, and who do not have certain other types of insurance coverage, can elect to continue Part B coverage of immunosuppressive drugs by paying a premium. For 2026, the standard immunosuppressive drug premium is \$121.60.

Medicare Part B Income-Related Monthly Adjustment Amounts

Since 2007, a beneficiary's Part B monthly premium has been based on his or her income. These income-related monthly adjustment amounts affect roughly 8% of people with Medicare Part B. The 2026 Part B total premiums for high-income beneficiaries with full Part B coverage are shown in the following table:

Medicare Part D Income-Related Monthly Adjustment Amounts

Since 2011, a beneficiary's Part D monthly premium has been based on his or her income. Approximately 8% of people with Medicare Part D pay these income-related monthly adjustment amounts. These individuals will pay the income-related monthly adjustment amount in addition to their Part D premium. Part D premiums vary by plan and, regardless of how a beneficiary pays their Part D premium, the Part D income-related monthly adjustment amounts are deducted from Social Security benefit checks or paid directly to Medicare. Roughly two-thirds of beneficiaries pay premiums directly to the plan while the remainder have their premiums deducted from their Social Security benefit checks. The 2026 Part D income-related monthly adjustment amounts for high-income beneficiaries are shown in the following table:

Part D		
Beneficiaries who file individual tax returns with modified adjusted gross income:	Beneficiaries who file joint tax returns with modified adjusted gross income:	Income-related monthly adjustment amount
Less than or equal to \$109,000	Less than or equal to \$218,000	\$0.00
